Each Apartment Comes With Its Own Ski Locker and Parking Space

New Launch Planned For Tuesday 23rd February—Register Your Interest Now!

We have just been informed that a development of just 65 freshly renovated ski apartments in the delightful 2050m high resort of La Plagne will be released next week. With Avoriaz virtually sold out, this is your chance to pick up a top quality apartment starting at prices below €200K. The rental guarantee is slightly higher than Avoriaz at 3.65% and, because this is the complete renovation of an existing block rather than a new build, delivery is scheduled for December 2010 so you could be staying there on your skiing holiday this time next year!

We won't have full details until later next week but we expect demand to be very strong so please call us on 020 8940 7000 or email info@leaseback.co.uk to register your interest.
